

Last July, Lowe's announced that the **International Transportation Meeting** would be incorporated into the larger **Lowe's Transportation Meeting** held in January of 2009.

The forum is a large, exciting event with the entire group of transportation companies from the various service provider segments within the industry.

The large audience will hear presentations from our VP of Transportation, Steve Palmer, as well as from top management.

Other meetings will be held specific to each type of service provider and we will also offer break-out sessions similar to those in previous years.

To recognize 2007 accomplishments, we brought in the winners on May 1, 2008, presenting the awards in a small ceremony in Wilkesboro.

WE WOULD LIKE TO ANNOUNCE THOSE WINNERS AND ASK YOU TO JOIN IN CONGRATULATING THEM
